Include with each application

1. a CV which describes your education, employment history, publications and professional memberships.

2. This research will be used to create a new course or improve a course already being taught. A letter of support from the applicant's department chair is required.

### HUMAN SUBJECT RESEARCH COMPLIANCE

All research involving interventions or interactions with individuals or the collection of identifiable private information concerning living individuals requires prospective Institutional Review Board (IRB) approval. Grant winners will be responsible for obtaining IRB approval when required and must provide documentation of IRB approval BEFORE the funds can be released. For further information, check the IRB website at [www.irb.pitt.edu](http://www.irb.pitt.edu).

Check one

- My project includes research involving interventions or interactions with individuals and/or the collection of identifiable private information concerning living individuals.
- My project DOES NOT include research involving interventions or interactions with individuals and/or the collection of identifiable private information concerning living individuals.
